

Get Your Guide Reviews:

- We enjoyed our day with Emmanuel and were so glad to have the opportunity to see Cape Coast and the suspension bridges in the national park. One unexpected thing was that he did not actually do the tours of the castles or the park, so we had to have tips ready for 3 other guides in addition to Emmanuel. It would have been nice to know that before hand, it was not clear in the tour description and felt a little disingenuous. Otherwise it was a nice day.

- The entire tour was amazing. Our tour guide, Emmanuel Aboagye was incredible. He was professional, personable and very attentive to ensure we were well taken care of. We hope to have him again on other tours. We have been here a week and this was the best time we have had. Everything was wonderful!

- We were picked up from our hotel, and we're the only two people in the tour. Ishmael was very knowledgeable about the history of Ghana and Accra. He showed us the main sights in the city. He was very polite and very pleasant. At the end we had lunch, then he drove us back to our hotel.

- Excellent and knowledge guide, Ishmael. Thoroughly enjoyed getting a chance to hear about the history and culture of Accra and Ghana. While I had heard of some of the political history, it was useful to hear it in the context of understanding Ghana's development.

Tuesday, January 17, 2023 by GetYourGuide traveler (United States) | 205693P1 | Accra: Guided City Tour with Lunch

What did you enjoy the most?

W.E.B. Du Bois' Memorial. It was a fascinating view of a major thinker and the last years of his life in Ghana. He contributed greatly to history, philosophy and sociology in the US; it was illuminating to see his and his wife's work around Pan-Africanism in Ghana.

- Emmanuel was very professional and personable. Gave me distance but was always within a range where if I needed anything he would be there promptly. He drove around all day for me and was just a really cool guy. Protect him at all costs and pay that man good because he's a great worker.

- A long day but packs a lot in - 2 castles and a rainforest, with a good lunch in a beautiful restaurant looking over a bird sanctuary. Our guide was very very good, gave us lots of information without overloading us, and dealt calmly with emergencies (a tyre blow-out!) along the way. We felt very safe with him. Very much enjoyed our day out.

- I had a wonderful tour of Accra with David! We covered so much ground and I was able to enjoy a much more authentic and fun experience of exploring Accra. I was glad to have a guide with me for my first trip to the Makola and to point out sites with historical significance throughout Accra that I would have missed by myself. David has great relationships with people/museum guides at each stop and kept the tour on track and fun. I couldn't recommend more!

- An amazing trip getting a private tour of Accra. My guide was very patient and took the time to answer all of my questions about Ghana's history and it's people. At no point did I feel rushed to leave any of the locations. I highly recommend this tour. Only con, is that some of the sites were closed for renovations and I feel like the description on this site should mention these and the places to be visited instead.

- This review is long overdue, but needed to be done. My family and I visited Accra, Ghana this May (2022). We booked the Cape Coast and Elmina Cultural Private Tour that lasted a duration of 9 hrs. We were picked up by our tour guide Ishmael right on time early at 7 am and started our tour. Ishmael is a great storyteller and has a rich knowledge of Ghana. Ishmael was nothing less than an all around spectacular tour guide who is punctual, knowledgeable, and friendly, and for my family and I definitely went the extra mile to make our day one of, if not the best while in Accra, Ghana. (full review in Google)

- Ishmael was so amazing as our tour guide! From the time that we got in his vehicle he made our comfort and enjoyment his top priority. From the start he made sure that we were hydrated and had plenty of snacks throughout the day. The experience was that much more authentic because the snacks were all from local Ghanaian street vendors. Ismael also made the experience that much more memorable by taking plenty of pictures of us throughout the day and sending them to us once we returned to our hotel. I would definitely recommend him for your special adventure!

- My cousin and I really enjoyed this tour! Ishmael, our guide, was very friendly. His car was comfortable and spacious. He was very knowledgeable and we

had great conversations. After getting rained on at the botanical gardens, I didn't know what to expect for the rest of the tour. But Ishmael ensured that we made it to each location safely and that we had a good time. He also took several pictures and videos of us that he shared with us after the tour.

- This was lovely experience and one that I would recommend to anyone who wants to learn about Ghana's history within a relatively short timeframe. Ishmael our guide was brilliant. The only (slight) downside was that the tour guide at Christiansborg castle took much longer than planned and therefore impacted the remaining activities. It was also nice that we were in a car by ourselves (party of 3) and not part of a bigger group in a van.
